Remorse A friend of ours who enjoys gossiping more than most, was feeling guilty about an afternoon devoted to little else. That evening she came on: "I have wished myself offtimes to have held my peace and not to have been among men; but why speak we and talk we together so gladly since seldom we come home without hurting of conscience?" (from "The Imitation of Christ" by Thomas à Kempis).

What's In A- We've always liked the way the more naive of the colored families named their babies. If they liked the sound of the name, it could be that of a flower or a disease or a

patent medicine-it made no difference. But until recently we never knew the explanation of the girl named Femily. No first name had been chosen, so that space on her birth certificate had been left blank. However, the line ---Johnson looked so attractive to the happy parents that Femily (spelled Female) went through life with it.

ABOUT YOUR OWN U.S.A.

Its ideals... and design
...its fashions and fun...
its food... and furniture
...its hope-which is you

For the New Year there's a new light in the entertainment skies. It's the radiance that comes from M-G-M's lustrous and lusty production of "Lone Star"

This story of the battle for Texas and the battle of the sexes is sparked to immediate excitement by the meeting of two of the most pyrotechnic personalities on America's screen today. The romantic stars are Clark Gable, rugged, reckless, assertively male and Ava Gardner, all woman, satiny in her beauty and electric to the touch.

They encounter each other amid the upheaval and strife of frontier Texas in its most turbulent era. And what a blazing, Roman candle romance is theirs!

It begins with a stolen kiss in a moondrenched patio, while inside the rambling, low-arched hacienda a bold plot is working that could tear Texas and their dawning love asunder

Broderick Crawford, fascinatingly ruthless land Baron, has already converted Ava to fiery belief in his cause. He sees the Lone Star State stretching to the Pacific and envisions Ava as queen of his inland empire.

But Gable has aligned himself against this power-mad leader. The two foes pit rifles, Colts, bowie knives and bare, slashing fists against each other while Ava is torn between her unspoken pledges to Crawford and her blood's leaping response to Gable's caresses.

This is the Clark Gable of film fame, combustibly combined with the perfect costar, Ava Gardner, who-in our lexicon-is a green-eved mantrap.

M-G-M's "Lone Star", is stellar achievement in every respect—in its cast, production, and story. * * *

CLARK GABLE, AVA GARDNER and BRODERICK CRAWFORD in "Lone Star", with Lionel Barrymore and Beulah Bondi. An M-G-M Picture with screen play by Borden Chase, directed by Vincent Sherman and produced by Z. Wayne Griffin.

P.S. Many picture-goers who enjoyed "King Solomon's Mines" have written, asking us when another great adventure picture could be expected. We can confidently reply, very soon. Watch for "The Wild North", starring Stewart Granger, Wendell Corey, Cyd Charisse-a great adventure picture filmed in Ansco Color.

COVER DESIGN

The cover design of this week's issue of Town & COUNTRY is from a water color by M. Antoine Calbert, a young Frenchman of the school of Cheret, sympathetic with the modern spirit, free, almost audacious in his execution, yet keenly interpretive of the spirit of the subject. It is from a series inspired by a group of old-fashioned chausons by M. André Rivoire, called, col-lectively, "Jeunesse." Others of this series will be re-produced during the current year. While the artist has lectively, "Jeunesse." .Others of this series will be re-produced during the current year. While the artist has caught the gaiety of days gone by, the poet laments their passing, in verse of rare richness. A couplet will
